

AUTOMATIC HAND SANITIZING STATION

ENVON PRO-AS30 Stand-Alone Automatic Hand Sanitizing Station is a sensor-operated hand sanitizer dispenser with 5 litres of hand sanitizer that required less refilling. Also, with its rechargeable battery, it surpasses the normal double 'AA' batteries as it can dispense up to 150,000 sprays before recharging the battery.

The sleek and elegant design makes it an ideal hygienic solution for any public spaces such as Airport, Hospitals, Shopping Malls, Sports Stadium, Hotels, Restaurants, Schools and Commercial Buildings.

Special Features

- ✓ Unit can be operated at any location without power supply
- ✓ Dispense up to 16,666 x 0.3ml sprays per 5L bottle
- ✓ High-capacity battery provides 150,000 sprays
- ✓ Key-lock compartments to store sanitizer and battery
- ✓ Durable housing with epoxy coated aluminium alloy against rust
