Industrial Dry  
Vacuum Cleaners

# KV 20, 25, 30, 45 & 50

## Industrial Dry Vacuum Cleaners

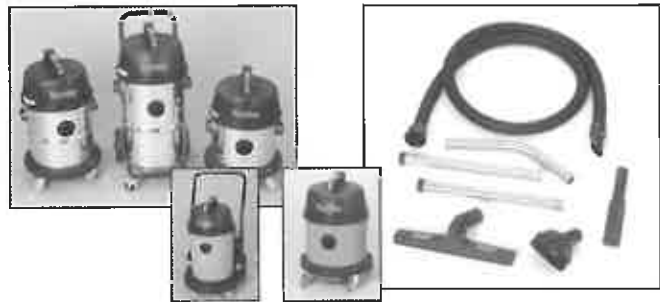

This versatile range of heavy duty industrial vacuum cleaners is built to take on the toughest jobs yet remain compact enough to reach the most awkward places.

You have the choice of dent proof injection moulded or non-magnetic stainless steel canister, four castor chassis or heavy duty tubular caddy and a choice of single or double motors on all sizes of canister.

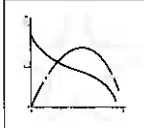

### Features

- ★ Twin fan motor
- ★ One or two motors
- ★ Thermal switch protection against overheating
- ★ Virtually indestructible thick section injection moulded plastic motor head
- ★ Double filtration – Disposable paper bag/filter and cloth filter
- ★ Optional high efficiency cloth filter
- ★ Non-magnetic 304 Grade Stainless Steel canister or dent proof plastic canister
- ★ Four castor chassis or tubular caddy for rougher surfaces
- ★ Hose entry accepts 32, 38 and 51mm hose and tool kits
- ★ Anti static hose entry and 38mm conductive tool kit to dissipate build up of nuisance static. Available at time of order or as a retro fit. For models with stainless steel canisters only.

*Please refer to current price list for exact accessory specification for each model*
