

# MONSOON

## 404

### Cold Water High Pressure Cleaner

#### Features:

- Three ceramic piston pumps with forged brass head
- 4-pole electric motor (1450rpm) continuous duty with overload thermal switch
- Plastic electric panel with protection against water spray; neoprene feeding cable
- Low pressure detergent delivery with control device on lance

#### Equipment:

- Automatic spray gun with extension
- Lance equipped with high/low pressure selection and adjustable spray angle
- Detergent control
- 8m high pressure hose with quick screw couplings
- Built-in detergent tank

Technical Specifications	Monsoon 404
Operating Pressure	30 – 110 bar
Voltage	230V / 50Hz / 1Ph
Volume	720 lthr
Inlet Water Max Temp	60°C
Connected Load	3 Kw
Detergent Tank	7.5 lt
Electric Cable	4.9 m
Dimensions (L x B x H)	74 x 43 x 81 cm
Weight	44 kg
