Product Description

A multipurpose cleaner designed for the widest variety of applications, **POWER LEMON** is strong enough for floors, kitchen walls, toilets, cars and other common areas, yet gentle enough for skin and hands. **POWER LEMON** is also extremely economical; just a little will produce abundant suds to efficiently suspend grease, oil, and soil for streak-free cleaning.

Areas of Use

POWER LEMON is an ideal general cleaner for practically all hard surfaces such as windows, tiled walls and floors, bathroom surfaces, plastics, paintwork, metals, textiles, cutlery, and dishes. It can also be used as liquid hand soap.

Special Features

- Advanced synthetic liquid detergent formulation.
- Fully biodegradable.
- Non-toxic preservative and phosphate free.
- Highly versatile cleaner effective for most applications, yet its neutral pH makes it safe for use on skin and hands.
- Mix easily with soft or hard water and rinse away easily

Directions for Use

Dilution depends on the severity of the cleaning job to be done. General rates are:

- Dishes, glassware, and windows - 1:80
- Floors, cars, paintwork, and general cleaning - 1:40

Application is usually by mop, sponge, pad, or brush. Agitate or scour to loosen baked on or stubborn stains. Rinse, wipe or vacuum off solution after cleaning is done. Better results can usually be achieved with warm water.

Precautions

As with most chemical products, avoid eye contact and ingestion. If product enters eyes, flushing with water should be sufficient. If ingested, dilute by drinking water and seek medical help.
