TURBO-DRYER

TYPHOON ST808 is a durable, compact and powerful air blower for an accelerated drying process. As the blower is very silent, it can be used during business hours with customer traffic. These qualities and the high lifetime make **Typhoon ST808** an economic business partner.

Features:

- Robust durable rotor molded housing
- 3-speed selections to suit various air requirements
- Cable wrap keeps electric cable neat during storage
- Retractable handles and two wheels for easy transportation
- Stainless steel front stand elevates outlet for better air flow
