Towing Capacity	1,000kg
Overall (LxWxH)/ with overhead	1904 x 817 x 1070mm/ 1904 x 817 x 1730mm
Battery	4 x 6 Volts
Turning Radius	2930mm

Boost productivity and tackle manpower crunch with **eKart 900**, designed to tow large and heavy garbage bins effortlessly, even up slopes!

Its three-wheel design provides a tight turning radius, allowing **eKart 900** to maneuver efficiently through HDB estates, condominiums, warehouses, industrial complexes, resorts, hotels, shopping malls, hospitals, and other commercial spaces. Equipped with an LED headlight, dual brake lights, and directional signal lights, it ensures safe and visible operation, as well as an overhead guard that protects the operator from rain and shine.

Built for versatility, **eKart 900** serves as both a towing and transport solution, addressing demanding challenges with ease. Its all-welded, unitized steel body and frame ensure long-lasting durability for years of reliable use.
