*These nozzles cannot be attached directly to Bending pipe assembly use with telescopic pipes or straight pipes.

Harness cover set
Part No. 191Y14-1

Washable harness cover made of a mesh material for improved breathability

Main filter H set
Part No. 191Y27-2

Made of HEPA material which can capture fine dust particles

Dust bag assembly
Part No. 197898-5

Filter bag set (Paper dust bag) 10 pcs
Part No. 197903-8

Accessories for Dust Collecting

For Cleaning VC008G

For Dust Collecting VC009G

HEPA filter

HEPA Filter is used as the main filter to capture very fine particles effectively.

Able to capture 99.97% of particles as small as 0.3-1 μm

BL MOTOR

Loop

The loop on the lower belt can be used for carrying nozzles as illustrated.

Anti-forgetting mechanism for paper dust bag installation

When the filter bag/dust bag is not installed in the cleaner, the front cover does not close completely.

Carrying hook

With a handle convenient for carrying

Comfortable harness designed to reduce stiffness of shoulders, back and waist

Mesh material is used for the back surfaces that touch shoulders, back and waist, reducing stuffy feeling.

VC008G

Controller

Power mode pre-selection (with mode memory function)

The cleaner can memorize a previous power mode and resume vacuuming at the same mode as last time user turned off for user convenience.

Low noise level

Mode	Noise level
4	72 dB(A)
3	66 dB(A)
2	63 dB(A)
1	60 dB(A)

LED job light

convenient for operation in dark job sites

OFF switch

With remaining battery capacity display

Telescopic pipe with lock

- A locking mechanism has been added to the connection of bending pipe and this pipe to prevent from falling off.
- Available in lightweight plastic and rigid aluminum

Locking mechanism

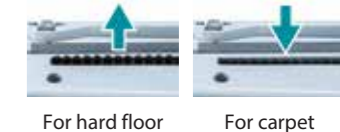

Telescoping button

The lower profile makes it easier to clean under furnitures.

48 mm

Mode switching lever

Hard floor/carpet mode switchable

For hard floor For carpet

VC009G

Controller

Power mode pre-selection (with mode memory function)

The cleaner can memorize a previous power mode and resume vacuuming at the same mode as last time user turned off for user convenience.

Low noise level

Mode	Noise level
3	72 dB(A)
2	66 dB(A)
1	63 dB(A)

OFF switch

With remaining battery capacity display

AWS Auto-start Wireless System

The wireless activation function enables clean and comfortable operation. By connecting a supported tool to the cleaner, you can run the cleaner automatically along with the switch operation of the tool.

Bluetooth AWS connects to power tool with Bluetooth
